Open Forum:

Brian Sullivan talked to the council about the siren that goes off at 7:00 am, 12:00 p.m., and 6:00 p.m. He asked if it would be possible to get rid of the siren as the only purpose that the siren serves is letting residents know what time it is. The council said that they will put this on the next agenda for further discussion.

Public Works Assistant, Coby Bangasser, let the council know that he looked at the City Hall roof due to the slick spot that water was creating by the front door. He found that there was a low spot in the roof outside of the front entrance causing the water to drip down there. Council member Jon Heuer also looked at the roof, and the shingles are old and will need replaced and there is some rotting/sinking in, in a couple different areas that will need to be addressed. The council made the decision to go out for bid on the City Hall roof and in the mean time agreed to patch the rough areas. More information will come on the bid after the next council meeting on January 26th, 2026.

City Administrator/City Clerk, Alexis Wiegmann let the council know that she will be out of the office February 10th – 17th.

Cindi Johnson came to the meeting and asked where the city was on the semi parking situation that was previously discussed. Mayor Tim Junker let her know that he is working on a new solution for the semi parking as he does not feel that moving them down to the west side of Locust square apartments is the best solution.
