Mayor Randy Christensen called the work session to order at 6:00 pm.

• **South Field Contract**

There was discussion regarding creating a contract between Mona City and the South Field Irrigation Company. A copy of the proposed contract was distributed and the meeting was conducted over Zoom with Attorney Nic Mills.

Attorney Mills introduced himself and gave an explanation of the proposed contract and the pros and cons of creating an agreement for the payment of the repairs of the irrigation contract. He stated that there is no legal obligation to sign a contract with South Field Irrigation, but that it is in Mona City's interest to protect all of its water. There was discussion about whether to propose the contract to South Field Irrigation, and the Council decided that further information and discussion would be needed.

**Adjournment**

Mayor Christensen closed the work session at 6:22 pm.
