Appeal Application

Appeal Process

The applicant or any interested aggrieved person may appeal the determination of the Development Services Director or Planning Commission within ten (10) calendar days from the date of such determination. The appeal must be in writing in accordance with Section 20.23.150 of the City of Chino Zoning Ordinance. The required appeal fee as adopted by the City Council must accompany an appeal to the Planning Commission of a decision of the Development Services Director or an appeal to the City Council of a decision of the Planning Commission or it will be considered incomplete and the appeal will not be considered. A building permit will not be issued until after the 10-day appeal period is complete. If an action of the Commission is appealed, the City Council will hear the appeal and render a final decision.

**Re: Comment on Addendum to the City of Chino General Plan EIR (SCH 2008091064) for the Chino Gateway Terminal Project July 15, 2025
Planning Commission Agenda Item 4**

Dear Chair Alexandris, Vice Chair Fraga, Honorable Planning Commissioners and Ms. Le:

This comment is submitted on behalf of Supporters Alliance for Environmental Responsibility ("SAFER") regarding the Chino Gateway Terminal Project (PL24-0097, PL24-0098, PL24-0120), which proposes demolition of three existing buildings and associated ancillary structures (totaling 17,716 square feet) and the development of a 158,548 square-foot warehouse building and a 3,520 square-foot multi-tenant restaurant building, located on an approximately 7.35-acre site bounded by Schaefer Avenue and Oaks Avenue intersection in the City of Chino, on Accessor's Parcel Numbers 1021-052-04, 1021-052-06, 1021-052-09, and 1021-052-11 ("Project"), to be heard as Agenda Item 4 at the Planning Commission's July 15, 2025 meeting.

SAFER objects to the City's reliance on an Addendum to the City of Chino General Plan Environmental Impact Report (SCH No. 2008091064), certified in 2010 ("GPEIR"), for the Project. Under the California Environmental Quality Act ("CEQA"), an addendum is not appropriate because the Project is not within the scope of the prior program EIR and there is new information available since certification of the 2010 GPEIR indicating new significant impacts and/or the availability of new mitigation measures. Therefore, SAFER requests that the Planning Commission refrain from taking any action on the Project at this time and,
