This has resulted in the expansion of PRISM’s partnerships in land conservation and its inclusion in a wider, statewide network of land conservation professionals.

This position provided the opportunity to form relationships with two Native American tribes (Upper Mattaponi and Rappahannock) to respectfully provide training and resources regarding invasive plants on tribal lands. I believe in the inherent rights of indigenous tribes to territorial integrity and governance.

Principal, Virginia Grantworks, Charlottesville, Virginia, 2015–2021

This position launched my appreciation for the benefits of public organizations and instilled the desire to work toward policy and communication for the public good.

Catherine McLamb Brown

BIOGRAPHY

Catherine brings over 16 years of experience in landscape architecture and planning, specializing in the design of resilient, community-centered environments. Her work spans urban revitalization, recreation, institutional, and mixed use redevelopment projects, with a focus on integrating ecological systems and thoughtful placemaking. She is passionate about creating landscapes that respond to both environmental challenges and the social fabric of communities.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I relocated with my family 2.5 years ago from North Carolina to accept my position with UVA. I have worked in leadership roles in higher education for over 20 years and an aspect of my work I enjoy deeply is helping college students launch careers in Public Service. I have created partnerships with healthcare, law enforcement, government, and non-profits at different universities to help these agencies secure a pipeline of talent to advance their work. I have always viewed my work as a bridge between higher education and the community. In addition, I have been fortunate to serve in various ways to give back to the community. Most recently, I served as a Board of Trustee for my church in Winston Salem, NC and that role allowed me to create and support community partnerships to address issues including food insecurity, healthcare, and education. As a still relatively new resident of Albemarle County, it is important to me to contribute to my community in meaningful ways. I also serve on the Board of Directors for Madison House which allows me to support the incredible work of non-profits across Charlottesville. I was recently promoted to a new role at UVA as senior AVP, student affairs and dean of students, overseeing the development of our 26K students. I believe that board experience, along with my leadership within UVA, and my own engagement as a member of the community and parent of a high schooler (Albemarle High School) would position me to serve as a sounding board for our dedicated police force and to enhance the collective impact of their work.
