CHINO BASIN DESALTER AUTHORITY

Council Representative: Curtis Burton | Staff Report By: Pete Vicario

Meeting Date: April 22, 2025

The Chino Basin Desalter Authority (CDA) reported that 399 acre-feet of water was delivered to the City of Chino in December.

The CDA Technical Advisory Committee (TAC) recommended the following, all of which were approved:

- Approval of the 1st Amendment to Lease the CDA administration offices located at 3550 E. Philadelphia Street, Suite 170, in the City of Ontario from Adaya Slover Holdings, LLC. The new lease would begin July 1, 2025, for a duration of five years at a monthly rate of \$2,641.38. The FY 25/26 budget includes sufficient funds.
- Approval of the purchase of two Wemco Model C sludge transfer pumps from Flow-Systems, Inc. for the amount of \$61,983. Authorize the General Manager/CEO to execute the purchase

order not to exceed \$70,000. These transfer pumps will be installed at the Chino II Desalter and will replace existing aging infrastructure. The current FY 24/25 budget covers \$60,000, with the remaining \$10,000 will be offset from the CIP budget in the FY 25/26.

- Approval of professional services agreement with Butier Engineering, Inc. for inspection services for the Chino II Desalter and Archibald Pump Station Roof Replacement Project for \$59,136.00. Authorized the General Manager/CEO to execute the purchase order not to exceed \$65,000. The FY 24/25 budget includes sufficient funds.
- Approval of professional services agreement with Cannon Corporation for Chino I Supervisory Control and Data Acquisition system programming for \$25,410.00. Authorized the General Manager/CEO to execute the purchase order not to exceed \$340,000. There is no impact on the budget.

CHINO BASIN WATERMASTER

Council Representative: Curtis Burton | Staff Report By: Benjamin Orosco

Meeting Date: April 24, 2025

Business Items

- **2025 Update to the 2022 Chino Basin Watermaster Rules and Regulations.** A key topic of discussion was the safe yield court-approved reset methodology. The safe yield storage for the Chino Basin went from 700,000 acre-feet to 900,000 acre-feet. Safe yield storage refers to the maximum quantity of water that can be guaranteed during a critical dry period. It ensures that annual withdrawals do not exceed the annual rate of recharge, making the withdrawals within a safe level of extraction. Safe yield storage is the maximum amount of water that can be stored in the Chino Basin. Watermaster Board members unanimously approved the 2025 update to the 2022 Chino Basin Watermaster Rules and Regulations.
- **Selection process of a consultant for peer review of the Chino Valley model results for the 2025 safe yield reevaluation analysis.** The board discussed the importance of this review to ensure accuracy and transparency in the model's evaluation. Three options were presented, with the selection of a consultant from a pre-approved list of qualified bidders. This item was not budgeted, but there is the potential to use under-budgeted funds from the current fiscal year. This will be determined once the cost proposals are received. The selection process was approved by a majority vote (one opposed).

CHINO VALLEY INDEPENDENT FIRE DISTRICT - LIAISON TO BOARD OF DIRECTORS

Council Representative: Karen Comstock | Staff Report By: Linda Reich

Meeting Date: April 9, 2025

New Business.

CITY OF CHINO MONTHLY AGENCY REPORTS

JUNE 17, 2025 - Covering meetings from April 1 – April 30, 2025

- **Properties Declared for Weed Abatement** – The Board adopted Resolution No. 2025-02 identifying properties throughout CVFD to be noticed for weed abatement in compliance with Ordinance No. 2022-01. Spring inspections will begin in May, and fall inspections in September. Fire Marshal O'Toole explained the weed abatement noticing and citation process. Passed on a vote of 5-0.
- **FY 2024/25 Mid-Year Budget Adjustments (Amendment #3)** – The Board approved Amendment #3 to the CVFD FY 2024/25 budget, with a net budget increase of \$233,313. Budget adjustments included a routine adjustment to account for City of Chino fire contract payments from the City to CVFD, which were \$518,286 higher than anticipated in the original CVFD budget. Finance Director Shaker reported that the most significant proposed budget adjustment results from higher than budgeted mutual aid response recoveries, increased coverage costs associated with out-of-area reimbursable incident responses, and salary and benefit costs associated with the recently adopted MOUs. Passed on a vote of 5-0.
- **Allocation of Surplus Funds to Reduce Pension Liabilities** – This item proposed the allocation of FY24 budget surplus funds toward reducing the pension liabilities as Budget Amendment #4. Fire Chief Williams recommended that this item be brought back to the Board at a future meeting and asked the Board to consider setting aside the surplus funds in a separate Facility Fund to provide the District with flexibility in case of unexpected cost increases related to the construction of Fire Station 68. Finance Director Shaker reviewed the terms of the previously adopted Chino Valley Fire District 115 Retirement Trust, which stated that up to one-third of annual excess revenues or budget surplus would be brought back to the Board for consideration.

Finance Director Shaker reviewed the budget surplus and identified one-time revenues that could not be applied toward reducing pension liabilities. The District's FY24 ACFR reported annual excess revenues in the General Fund (budget surplus) of \$15,802,824, excluding the 115 Trust. Of this amount, \$7,563,108 is attributable to one-time revenues (\$6,250,000 from the State of California for Station 68 and \$1.3 million of property tax recovery revenues recorded in 2024). Adjusted for these one-time revenues, unrestricted excess revenues for FY24 amounted to \$8,239,716. In accordance with the surplus policy, the one-third (1/3rd) calculation would generate \$2,746,572 in additional pension funding this fiscal year. Staff recommended continuing the prior year's practice of directing the full amount to the Chino Valley Fire District 115 Retirement Trust. The proposed amendment would authorize funding this amount from Unassigned Fund Balance as Budget Amendment # 4.

The Board of Directors agreed with the staff's recommendation to defer action on this item to a future Board meeting, due to the potential for unexpected costs related to Fire Station 68. No action was taken on this item.

- **Second Amendment to Fire Chief Employment Agreement** - The Board approved salary and benefit amendments to the Fire Chief's Employment Agreement, which include an increase to

CITY OF CHINO MONTHLY AGENCY REPORTS

the Fire Chief's base salary of 1.25% on July 1, 2025, and an additional 1.25% on July 1, 2026. Passed on a vote of 5-0.

Board and Fire Chief Comments

Fire Chief Williams reported on the following:

- On March 18, 2025, CVFD had a Quarterly Meeting with the City of Chino.
- On April 1 and 2, Fire Chief Williams provided testimony at the State Capitol in support of Senate Bill 74 (Seyarto). The bill would establish the Infrastructure Gap Fund, which, upon appropriation by the Legislature, provides grants of up to 20 percent of necessary remaining funding to cities and local agencies for critically delayed and vital infrastructure projects, including but not limited to roads, schools, and broadband, throughout California.
- Chino Valley Fire personnel participated in a self-defense and weapons safety training hosted by the Chino Police Department, equipping them with crucial skills to protect themselves and others in high-risk situations.
- On March 24, the Fire District received new Fire Hazard Severity Zone Maps for the Chino Valley Fire jurisdiction. Fire Marshal O'Toole provided a presentation related to the maps at the April 1 City of Chino Council meeting.

INLAND EMPIRE UTILITIES AGENCY (IEUA) REGIONAL SEWERAGE COMMITTEE

Council Representative: Curtis Burton | Staff Report by: Benjamin Orosco

Meeting Date: April 3, 2025

Approval of the Proposed Fiscal Years 2025/26 and 2026/27 Rates and Fees for the Regional Wastewater Program - The Technical Advisory Committee (technical staff from member agencies) and the Policy Committee (elected officials appointed to the Committee) have not supported the rate increase. This item (Action Item A) did not receive a motion to vote on, and the item was not recommended to the IEUA Board.

The City of Chino Public Works Director Hye Jin Lee identified three main issues raised to the IEUA staff.

1. \$24M property tax fund transfer for preliminary engineering for the Chino Basin Program
2. Nearly \$90M bond issuance /debt service for future rates
3. Investigate the viability of calling for the sewer connection fees agencies have collected to reduce the rates.

IEUA staff stated that they would look into these issues, but did not have sufficient time to incorporate the fiscal analysis.

Despite the opposition from cities, on April 16, 2025, the IEUA Board approved the regional wastewater, recycled water, and water resources program rates and fees.

Below is the summary of the rates.

OMNITRANS BOARD OF DIRECTORS Council Representative: Eunice Ulloa | Staff Report by: Dennis Ralls

Meeting Date: April 2, 2025

The Omnitrans Board of Directors received an update on OmniTrans participation in SBCTA's ONT Connector Project. The board was reminded that SBCTA and OmniTrans are working on an MOU to outline the operational and maintenance responsibilities OmniTrans is expected to take on after the project is completed. A memorandum of understanding identifying each agency's responsibility is still in the works.

The Board also received a report on the Fiscal Year 2026 Budget Parameters, which will be used to produce the upcoming fiscal year budget. Some key notes included an estimated return to 100% of

SAN BERNARDINO COUNTY SOLID WASTE ADVISORY TASK FORCE Council Representative: Christopher Flores | Staff Report by: Xochitl Huerta

Meeting Date: April 30, 2025

The April SWAT meeting covered a variety of legislative updates, primarily focusing on organic waste and food recovery bills. Key legislation discussed included AB 337, AB 411, AB 436, AB 1046, and SB 279:

- AB 337 focuses on enhancing the diversion of organic waste, particularly by improving food

CITY OF CHINO MONTHLY AGENCY REPORTS

JUNE 17, 2025 - Covering meetings from April 1 – April 30, 2025

recovery efforts. The bill aims to reduce waste sent to landfills and improve access to nutritious food by requiring local jurisdictions to implement food recovery programs.

- AB 411 changes current rules to allow parts of livestock carcasses, such as those from animals that die naturally or are processed on farms, to be composted. This was previously not allowed, but the bill permits it if certain conditions are followed.
- AB 436 introduces a state planning guide for organic waste diversion. It provides local governments with a framework for developing and implementing effective diversion plans to meet state requirements. The impact of AB 436 will primarily be on the planning departments of local cities and counties, but it is driven by the state-level requirements. Local governments are the primary implementers of waste diversion strategies. The bill would provide them with the framework for creating and executing plans to meet those state requirements
- AB 1046 expands the edible food recovery program by mandating large food generators (like supermarkets, restaurants, and food distributors) to partner with food recovery organizations to ensure surplus food is redistributed to those in need, rather than wasted.
- SB 279 regulates organic waste management by establishing stricter compliance and reporting requirements for organic waste diversion. The bill ensures that local governments are tracking their progress and meeting state diversion goals, with enforcement mechanisms in place to ensure adherence.

The Board invited a CalRecycle representative to give a presentation on SB 1383 compliance evaluations. The presentation covered the programs under evaluation, the compliance process, field visits, the findings report, the enforcement timeline, and strategies for ensuring full compliance. It was noted that all jurisdictions will be evaluated at some point, with these evaluations occurring at least once every four years thereafter.

The City of Chino is one of 61 jurisdictions being evaluated on SB 1383, Short-Lived Climate Pollutants (SLCP) programs by the Jurisdiction Agency Compliance Enforcement Taskforce (JACE).

SCAQMD Proposed Rules 1111 & 1121 - The Board received an updated presentation from the Southern California Air Quality Management District (SCAQMD) on revised language for amending Rules 1111 and 1121. These rules address gas-fired residential furnaces and water heaters. The proposed amended rules no longer require new or replacement units to be electric but impose target

exceedance fines and fees on manufacturers for gas units that continue to be sold, which would fund incentives for customers who choose to convert to electric.

The spokesperson for SCAQMD asked that, given the updated language, the SBCTA retrack their previous letter of non-support. The SBCTA Board did not motion for the letter of non-support to be rescinded, keeping it in place. As rationale for maintaining their stance of non-support for the rule changes, board members explained that policies like these directly conflict with affordable housing mandates.
